

Pro-Gear™... Straps, Harnesses & Connectors

Item 605-201

AQ VHF PRO HARNESS

This heavy duty 25mm polypropylene webbing harness system is detachable at 3 points (Slik-Clip, & 2 x snap clips on D rings), & has a quick release buckle with adjacent webbing adjustment. There is a 'bungy type' mechanism above the Slik-Clip that provides some shock absorption to the unit. The assembly can also be worn around the neck / over the shoulder, and this will enable the vhf to be moved behind your back if you are carrying large or heavy items.

Item 605-701

AQ CELL – GPS BELT

This heavy duty 25mm polypropylene webbing waist strap, has a very short drop loop for the Cell phone bag Slik-Clip to clip onto, & has an adjustable quick release buckle, with an elastic loop for surplus webbing to tuck into.

Item 605-301

AQ Swivel clip CONNECTOR

This 25mm polypropylene webbing connector has a loop for your Cell/GPS pouch, or Blackberry pouch Slik-Click to clip to, and a swivel snaphook to connect to D-Rings or loops on your PFD or outer-wear.

Item 605-350

AQ Belt CONNECTOR

This 25mm polypropylene webbing connector has a loop for your Cell/GPS pouch, or Blackberry pouch Slik-Clip to clip to, and an adjustable belt loop that you can thread your belt through.
